Business Security Check

Date:

Dear:

The Horicon Police Department is randomly checking area businesses as an added security measure. Your building was checked on _____ and the following things were noticed on our walk around:

While statistics show a low crime rate for burglaries to businesses in our city, we have noticed during our walk-arounds that some businesses could make their business less of a target if they implemented some minor security measures. Our department would be more than happy to provide you with a security assessment of your business to help give you ideas and suggestions on how to better protect your building. Please call the Horicon Police Department to set up an appointment for this free service. The phone number is 920-485-3555.

In order to provide the best service possible, we are also asking that you provide us with three Key Holder/Emergency Contact Names for your business. This will allow us to contact a representative from your company if there ever is a need to be at your business after hours. Please fill out the attached sheet and return it to our department.

Also available to the business community is a frequent Crime Update that is sent out. If you would like to be added to our mailing list, please email your request to police@ci.horicon.wi.us and we will be happy to add you to the list.

Sincerely,

Lieutenant Adrian Bump
