

K9 Dusty was born in January 2008. He is a Yellow Labrador Retriever who is certified through the North American Police Work Dog Association in narcotics detection, tracking, and article searches.

K9 Dusty and his partner, Officer Jeremy Johnson, have been working together since July of 2010. They service the City of Horicon and often mutual aid with various local agencies.

When K9 Dusty is off duty, he lives with his handler Officer Jeremy Johnson and his family. K9 Dusty is always on call, and maintains a busy schedule doing community demonstrations and school visits. A huge thanks from K9 Dusty to the community supporters, who have made the Horicon Police K9 Unit possible.
